forces moving from Harper's Ferry.

A body of Virginia cavalry, and forty horses, were captured without bloodshed It is reported that the steamer Mount Vernou narrowly escaped sinking before teaching Alexandria. Injuries had been inflicted on her at the Navy Yard, probably by Secessionists.

It is believed that simultaneous morements were made by Government forces last night on Harper's Ferry and Norfolk Our Government has secured for the next three months a monopoly of all arms and the rate well maintained at 2) premium cannon from all manufactories in dreat Uncurrent money remains the same, with Britain which are permitted to make arms for foreign States. An advance of the rebels from Culpepper Court-house, 62 miles from Alexandria, is anticipated, but assurance is felt that Gen Scott has directed this advance with a full understanding of all he has to encounter. Postmaster-General Biair prepared an order to-day discontinuing the transmission of United States mails in Virginia and other seceding States, and annulling all contracts for the same. Tennessee is exempt from the operation of the order, for the reason that that State has not formally seceded Contractors will be immediately notified of

The mails for the South from Washington were stopped at the crossing place of the Federal troops, and returned to the postoffice here.

New York, May 24 .- The Tribune's dispatch furnishes the following particulars: Col. Ellsworth was shot as he was descending the stairs with the secession flag, which he had torn down, by the man Jackson, keeper of the Marshali House, with a double barrelled gun. He died almost instantly, dyeing the secession flag with his blood He only said, "My God!" A later dispatch says Alexandria is taken and will be held. The first Michigan

regiment entered town about 6 o'clock, an hour after the appearance of the Zouaves, and captured a body of cavalry who at first demanded time to consider, but were forced to yield without delay.

At 4 o'clock this morning the Captain of

the Pawnee demanded the surrender of Alexandria. A Major, in command of the Virginia troops, refused. The Captain then sald the consequences would be terrible 10 the village and all the inhabitants, and prolonged the time to 8 o'clock. McLean's Strengthening Cordial is receiving the meanimous recommendation of the Press, not only at St. Louis, but all over the country. This remedy is evidently the result of close observation and study. Wherever it has been used it has been 1eoommended with the highest encomiums of praise. Persons can have no conception of its efficacy, without giving it a trial. Once more we warmly recommend this remedy as superior tonic and alterative.
